

I'm not robot!

TAKEAWAYS

GROWTH MINDSET

Students develop the belief that hard work and practice can grow their intellect and improve their abilities, which builds on their SEL foundation.

BEST PRACTICES

- Foster positive growth by teaching new skills.
- Encourage versatility and problem-solving.
- Plan free play activities to promote reasoning.
- Challenge students with new experiences.

LONGTERM BENEFITS

When students motivate themselves to accomplish something new and overcome obstacles, they display grit and perseverance.

Compass is available to a variety of community care providers who work with children and youth such as: primary care providers, specialist physicians, CYMH clinicians, Foundry clinicians, and concurrent disorders/substance use clinicians. What can you expect from Compass? When you call for a consultation, you will be greeted by the friendly voice of a team member who can assist with any child and youth mental health or substance use concerns. The Compass team can help with diagnostic clarification, medication recommendations and treatment planning. Support is available for a wide range of issues including substance use, mental health, behavioural and family challenges, trauma and general guidance when things aren't going well. You will receive a written record of all consultation recommendations for your patient's chart. How quickly is the service available? Compass aims to have a member of our multidisciplinary team answer phone calls and respond to your questions in real time. For more specialized questions, we aim to get back to you within the same or next day. Telehealth consults with the provider, patient and Compass team are organized on an as-needed basis. Can a parent or patient call Compass direct? No. Compass is a service that supports healthcare providers. If a parent or youth has mental health or substance use concerns, they should contact their local primary care provider, and the provider can contact Compass for a consultation. Parents and youth can also contact our partners at Kelly Mental Health or Foundry for direct support. Call Kelly Mental Health at 1.800.665.1822, visit kellymentalhealth.ca or find your local Foundry centre by visiting foundrybc.ca. What are the possible outcomes of a Compass consultation? The following scenarios may result from the telephone consultation. The Compass team may: Be able to answer the primary care provider's questions over the phone Provide the primary care provider with information about resources in their local community and system navigation Recommend a PIT assessment done through telehealth with the patient, provider and Compass team members Recommend a full direct assessment through telehealth with the patient, provider and Compass team members for evaluation What age of children or youth can I call Compass about? Compass supports providers treating children or youth from birth to 25 years of age. Is Compass the same as RACE? No. Similar to RACE, Compass provides access to telephone support from a child and adolescent psychiatrist, however Compass services expand beyond RACE. Providers have access to a multidisciplinary team including mental health and substance use clinicians (social workers, nurses, psychologists, etc.) and a care coordinator, in addition to child and adolescent psychiatrists. Compass provides longitudinal support as you follow patients over time, and can provide direct assessments to you and your patient when needed. The Compass model is built based around a goal of increasing community care provider capacity to treat mental health and substance use concerns close to home. Compass works collaboratively with community care providers to understand their unique challenges and supplement local knowledge and resources with specialist support as needed. When calling Compass, the care coordinator will answer your call immediately, and connect the provider to the best Compass team member to support the inquiry. The model is based on relationships; providers have an option of requesting follow up, and ongoing consultation from the Compass team for treating a patient. How does Compass work with Learning Links or PSP modules? Learning links are a series of online modules designed to enhance community care providers' knowledge of mental health and substance use concerns in children and youth. PSP modules support providers with learning sessions and online tools and educational resources. Compass is a provider consultation service that can support community care providers confidence in implementing the skills and theories learnt through Learning Links or PSP. Community care providers have access to talk through their next steps in supporting a patient with a C&Y MH/SU specialist in real time. These two resources can work hand in hand at helping to increase community care provider's confidence and capacity in treating C&Y mental health and substance use concerns. How does Compass differ from Kelly? Kelly Mental Health Resource Centre provides mental health and substance use information, resources, help with system navigation and peer support to children, youth and their families across BC. Their services are free of charge and available to children, youth and families via telephone, in person or email. Compass is a resource for community care providers. During a consultation, Compass may direct providers to Kelly Mental Health as a resource to support patients and families. Both services work together to help support children and youth with mental health and substance use concerns. Who do I contact with questions on Compass? For any questions or inquiries about Compass and how it works, please feel free to contact the Compass team at compass@cw.bc.ca. IGNITE your students enthusiasm for EARTH SCIENCE - INTRODUCTION TO EARTH'S SURFACE with this INTERACTIVE and ENGAGING ACTIVITY! Develop deep understanding for students while having fun on their own device! CONCEPTS INCLUDED IN THIS SET: north pole, magnetic north, Earth, constructive forces, landforms, compass needle, hills, straits, capes, plateau, ocean water, sediments, mid-ocean ridges, continental rise, continental shelf, ocean basin, land, and the Mariana Trench OTHER TOPICS AVAILABLE: The Page 2 This is an interactive digital worksheet. Students click and drag the labels to the correct location on their compass rose. (N,S,E,W,NE,SE,NW,SW) 3.1 Students describe the physical and human geography and use maps, tables, graphs, photographs, and charts to organize information about people, places, and environments in a spatial context. Page 3 Geometry: These Compass and Geoboard Task Cards are designed for partners to use in cooperative, active, inquiry learning. They will need Geoboards and rubber bands, as well as compasses and paper & pencil in order to complete all the tasks. Cooperative learning, peer teaching, explaining, and comparing are included in each task. Use in math workshop or centers, or use on an overhead or with a Hover Cam with small or whole group instruction. Just print them out on card stock, cut them up Page 4 Compass Partners FREEBIE This FREEBIE gives you two different options for compass partners. I use this multiple times a day! It is a great way to have partners assigned already (decided by you or the students). Perfect for responsive classrooms! What's Included? • Ideas for differentiated compass partners • Template for 4 partners (North, South, East, and West) • Template for 8 partners (North, South, East, West, Northwest, Northeast, Southwest, and Southeast) Page 5 MAPS Skills: Compass Rose, map key and symbols, city, state, school, and country for USA, and quick check formative assessment Make your own copy, then share your copy with your students. Let them edit their own copy so that they can type into their copy. Page 6 The student will: Identify a map, globe, and compass rose Use a key to locate places on a map Use cardinal directions Identify land and water features Identify the United States, Washington DC, Virginia, and Richmond. *Leave this page out if you do not need to teach these skills. This is an easy print & go practice or assessment. This product covers Virginia Social Studies Standards K.4, K.5, K.6, K.7 and 1.5. Page 7 - Paint a Team Spirit Sports T-Shirt - by Betty J. White, aka Compass Rose, copyright 2022 7+ Minute Video: Paint a Sports Mandala T-shirt: baseball, basketball, golf, volleyball, soccer, croquet, curling... Use team colors or your favorite colors. This video demonstration may be used to... Prepare for a workshop on how to paint a sports mandala using acrylic paints. Also, show the video to students on how to prepare and paint a mandala t-shirt. As a way to create team spirit, discuss the origins of man Page 8 Have students create a physical, political, & special interest map using DOGTAILS (Date, Orientation (Compass), Grid, Title, Author, Index, Legend (Key) and Scale. Directions, rubrics, map outlines & info sheets for special interest maps & extension (can do others for extra credit) included. 3-5 class periods of classwork/ homework Page 9 There are 50 map and globe word wall vocabulary cards included in this freebie pack. Words included: atlas, cartographer, compass rose, north, south, east, west, northeast, northwest, southeast, southwest, cardinal, intermediate, globe, northern hemisphere, southern hemisphere, eastern hemisphere, western hemisphere, longitude, latitude, grid, coordinates, equator, trade, barter, vendor, negotiate, adire, textile, network, deforestation, land degradation. Thanks Page 15 Discouragement is normal. Everyone feels it. Plus, it is one of surest stepping stones to success. When we feel discouraged, we are given the opportunity to develop a growth mindset, positive self-talk, self-efficacy, and a strong internal locus of control. Having a growth mindset is like having a compass which points to the "next step" when invariable mistakes and missteps happen. Having a growth mindset inspires us to get up, get creative, get to Plan-B (or C or D), get moving, and get growing! Page 16 Your kiddos will love using this colorful camping vocabulary printable. Great for ESL students and anytime you want to add a little fun to the classroom. You could challenge your students to use every one of the words in a short story. The words on this free handout are: Ant, Backpack, Bear, Binoculars, Boots, Camera, Camper, Canteen, Carabiner, Compass, Dutch Oven, Fire, First Aid Kit, Fishing Pole, Flashlight, Fly, Forest, Guitar, Hat, Hatchet, Knife, Lantern, Map, Matchsticks, Mosquito, Page 17 You get 30 regular bingo cards + a call card. Simple, easy and versatile. You can play many different versions of Bingo depending on what you happen to be teaching. Laminated the cards so that they can be used over and over again with water-soluble markers. Classroom objects included: backpack, book, calculator, crayons, magnifying glass, marker pens, notebook, paintbrush, paint, pen, pencil case, pencil sharpener, pencil, protractor, rubber, ruler, scissors, pins, paper clips, board, computer. Page 18 This is the 22 pages of unit notes that I print for the students who require assistance and support professionals. These notes chronologically follow my Matter, Energy, and the Environment Unit that I offer on TpT. These notes cover... Matter, Elements and Compounds, States of Matter, Solids, Liquids, Gases, Plasma, Law Conservation of Matter, Dark Matter, Physical Change, Chemical Change, Six types of chemical reactions, Gas Laws, Charles Law, Avogadro's Law, Ideal Gas Law, Pascal's Law, Visc Page 19 Magnetism Quizzy This is a 10 question quiz game PowerPoint about Magnetism that concludes Part 6 of my Matter, Energy, and the Environment Unit that I offer on TpT. Answers are provided at the end so students can self assess. Also included is a 1-10 template sheet for students to record their answers. Some answers / topics include... #1 This is the name for an object or a device that gives off an external magnetic field. (Magnet). #2 Opposite charges attract. The same repel #3 Which rock is magnetized (VISA) ALL ABOUT MEKNOW THYSELF PROJECT BEGINNING OF THE SCHOOL YEAR THIS PRODUCT IS PART OF A BUNDLE KNOW THYSELF MEGA BUNDLE Looking for a new and interesting way to get to know your students at the beginning of the year? TRY SELF-AWARENESS WRITING ACTIVITIES!! I use this at the beginning of each semester. The results are surprisingly honest and thoughtful! The idea for the KNOW THYSELF PROJECT comes from several thinkers but Socrates most of all. See the preview for more information. *Stanford rates so 5th grade math / Fifth grade math center by I am so glad that my math study guides and math homeworks are helping you all. I highly appreciate the comments, suggestions and replies that you submit and I make all the math worksheets according to your requests. I am keeping my FUN math guides FREE so that math practice can be easily available to all. Here comes another one for 5th grade math games and activities. These are for 5th grade math centers and have 4 colorful math puzzles and math activities that are apt for children in 5th gr Parts of a Map Geography Map Skills Freebie Sample by Try out two free sample pages from my Geography Map Skills Unit & Lapbook with informational text, test, & more!! I aim to add one new freebie a week!If you are looking for Christmas Frames you can find another freebie here: Christmas Frames/Borders - Freebie Alert'Tis the Season!Follow me in my international teaching journey on Instagram: @TheCompassRoseTeacherThese are png filn this free bundle of The Glitter Bomb, you'll find 10 cross-curricular art lesson plans that cover you, no matter how you are teaching.Process ArtArtist Study featuring Jimmy Lee Sudduth, Minnie Evans, and Nebojsa Ruzic VardaLow-Prep Art LessonsCross-curricular extensions that tie into the art lessonsMultiple mediums from drawing with a pencil, to paint, to air-dry clay (no kiln needed!)All designed to work together as a single unit study or to be used as individual lessons in the art room orHerman the Goldfish (A Story Companion) Freebiesby Product Description:Our story "Herman the Goldfish" is an undersea adventure about a goldfish named Herman and a mean ole' shark named Buster created by FrazerTales. This free download is a small selection of the activities that come in cross curriculum storybook companion packet. Plus, this free download comes with a full color pdf version of the book that may be read aloud to the class or shared on iPads. This will allow you to try out the activities before purchasing the full version. The fullDictionary Safari! is a ready-made, easy to assemble, and fun to use resource that can be ready to use in less than twenty minutes. These features provide you with a learning center activity that can be prepared with a minimal amount of time and effort. As a teacher myself, I understand the value of this. The first pages of this packet introduce the game concept, rules, and the individual skills associated with it. The latter part contains the actual game materials. The can labels and game rPage 20This is a 150 slide PowerPoint Review Game about Electricity that concludes Part 5 of my Matter, Energy, and the Environment Unit that I offer on TpT. Answers are provided at the end so students can self assess. Also included is a 1-25 template sheet for students to record their answers. Some answers / topics include... Electricity, Lightning, Static Electricity, Magnetism, Coulomb's Law, Conductors, Insulators, Semi-conductors, AC and DC current, Amps, Watts, Resistance, Magnetism, Faraday's R's, Frugality, Sustainability, Human Population Growth, Urbanization, Fossil Fuels, Carrying Capacity, Renewable Energy, Biomimicry, and more. This Review Game is onePage 22Looking for a fun way to reinforce your students learning in Words Their Way? My kids are working on their daily 5 each day and when it comes to word work, I love giving them options to make learning their words fun. We do speed sorts, rainbow words, build sentences with our words to improve our vocabulary, and when their work is done, I like to add in the game I call "Oddball," like the category that always pops up and gets them when they are initially sorting their words. So, here are the instPage 23*Summarizing Text* Graphic Organizerby Need your students to get the "gist" of the text (or section of text)? Use this free summarizing text graphic organizer to help students complete a close reading by answering "WH" questions and constructing a summary by identifying important details and events in the beginning, middle, and end of any text. Use this resource over and over again!♥ Like this free product? Please consider leaving a review. I appreciate you taking the time to do so.Let's Connect:Follow my TpT store!InstagramPinteDrills[Linear Equations 2&3 Steps]by My students are assigned this task as soon as they come in the classroom. I distribute this on the desks and it prompts them to begin right away.I use a timer which has 3 minutes and I encourage them to try to finish before the timer goes off. While students complete this task, I am able to take attendance and return student work. Don't be afraid to give them more time. As you continue with this daily activity, students should notice that they are getting faster at recalling the producFollowing Directions Rewards Chartby This rewards chart positively reinforces children to listen and follow directions the first time by giving them concrete visuals to follow. Telling children what they CAN do as opposed to what they can't positively encourages them to complete undesirable activities. This anchor is great for children who seek negative attention as opposed to positive praise and are working on following directions. Please follow our Instagram account @thespectrumcompass for more details on how to easily implementSubjects:MINI GAMES ACTIVITY BOOKLEThy Fun and Awesome games for subjects such as English grammar and Writing. These games can be used for multiple reasons such as: -Mini short activities-Brain starter -Let's take a break And more! Feel free to provide me with feedback! This also comes in a Black and White format. Credits: P4 CLIPS TRIORIGINALS: Multiplication & Integers]by My students are assigned this task as soon as they come in the classroom. I distribute this on the desks and it prompts them to begin right away.I use a timer which has 3 minutes and I encourage them to try to finish before the timer goes off. While students complete this task, I am able to take attendance and return student work. Don't be afraid to give them more time.
